

Goodnight

Een Engels versje

Voordat Amber de krab gaat slapen, zegt ze welterusten tegen alle dieren en haar moeder: goodnight!

When I climb into bed and snuggle up tight,

I know that I'll want to say goodnight

to hippo, to seal and to polar bear,

to the fluffy dog that I won at the fair,

to the photo of dad in the frame by my bed,

to my monkey, my mouse and my one-eyed ted,

to my old elephant with a tear in its tum,

and an extra special goodnight to my Mum!
